Customer Reviews

This was so bad, i felt compelled to write my first review to encourage people to wave off from buying this book. As a male that is very sexually experienced, but relatively new in my walk with Christ, I read this book at the request of my significant other. I admit that I found the first three chapters on the role of sex in a Christian marriage compelling. After that, the information quickly went into basic anatomy, and a few tired sex clichÃ©s a lot of pitches for companion books that he and his wife have penned on other relationship subjects, and soon after totally bottomed out. Once it hit bottom, Dr. Wheat starts to dig. I forced myself to speed read thru the remaining and finally had to put the book down in absolute disappointment when I came to the one brief entry on oral sex that basically boiled the act as a 'crutch' for men lacking the self-discipline to use intercourse to bring their mate to orgasm (chapter 15, pg 242). Or that a woman unhappy with the after sex mess 'use a tampon to control the issue' (chapter 15, pg 240). The ONLY reason I gave this book two stars was

for the first three chapters. Beyond that, this book has few redeeming qualities. Look at some of the other recommendations in this review thread for some better alternatives.

All newlyweds should read this. It prepared me for marriage and set my mind in right thinking toward sex. I credit much of my satisfaction in marriage to the advices and practical tools in this book. I have purchased it for others, too, because it was so helpful! We are created to enjoy one another in marriage! Embrace it!

My husband and I greatly value the insight in this book. We recommend it to couples that we counsel, and will continue to do so in the years to come. The authors handle this topic beautifully, always with a Scriptural perspective. Highly recommended.

Excellent book to gain the proper perspective on how God designed us, our sexuality, our marriage, and the concept of mind-body-heart-soul aligned with God's purpose to enjoy the abundant joy of life and sexuality within marriage. A must read book!

This book is very informative and tackles sex from a christian standpoint. It was a good read for me and my wife before marriage and it helped to ease her nerves, really glad the pastor required us to read it.

Little old fashioned but still full of good information, especially if you parents never really gave you that talk and you didn't have sex education. Our pastor had us read it a month before we got married.

Dr. Ed Wheat hits a home run and this book is helpful to all Christian couples. His approach is clearly Biblical and helpful.

Way better than Sheet Music! If you're looking for Biblical advice on being a good wife or husband (in the bedroom and otherwise), this book is THE BEST!
