Captive Genders: Trans Embodiment And The Prison Industrial Complex, Second Edition

Synopsis

Pathologized, terrorized, and confined, trans/gender non-conforming and queer folks have always struggled against the prison industrial complex. Eric A. Stanley and Nat Smith bring together current and former prisoners, activists, and academics for a new understanding of how race, gender, ability, and sexuality are lived under the crushing weight of captivity. Through a politic of gender self-determination, this collection argues that trans/ queer liberation and prison abolition must be grown together. From rioting against police violence and critiquing hate crimes legislation, to prisoners demanding access to HIV medications, and far beyond, *Captive Genders* is a challenge for us all to join the struggle. This expanded second edition includes a new foreword from CeCe McDonald and essays by Chelsea Manning, Kalaniopua Young, and Janetta Louise Johnson and Toshio Meronek.
