The Gay Man's Kama Sutra

Synopsis

The Kama Sutra, the famed ancient Indian guide to lovemaking, has been used to enhance sexual experiences since the fourth century. Now, it has been reinterpreted to create the ultimate sex guide for gay men. Using clear, empowering text to celebrate the art of gay lovemaking, The Gay Man's Kama Sutra applies the art and spirit and intention of the original Kama Sutra--the expression of uninhibited pleasure through sex--to the lives of twenty-first century gay men. It shamelessly encourages love and sex, pleasure and sensuality, uninhibited erotic indulgence and play. Visually stunning, it is accompanied by exquisite, sensual artworks from the original Kama Sutra, classic homo-erotic artworks, and tasteful instructional line drawings. Whether you are in a long-term partnership, an open relationship, or are enjoying a life of sexual freedom, this book offers invaluable advice for a happy, healthy, and satisfying sex life. Every aspect of gay sex is explored--from oral congress and masturbation to anal sex and fetishes--and important issues such as finding a partner, emotional problems, and safe sex are also included.

It seemed like a cool book when i was flipping through it, but upon reading it... it didn't seem so great (all the sexual positions seemed like the stuff I was doing in the seventh grade) so don't buy it with the expectations of turning into a human pretzel with your lover...

I glanced at this book, it seems like a history book. It does talk about some positions, but i suppose anyone could have figured out the ones it talks about. In my opinion Ultimate Gay Sex is a better

book. Not only does UGS talk about postions (and leaves out the history... yuck!) UGS talks about relationships, positions, protection, and contracted diseases and their symptoms.... hope this helps!

Nothing really new here for me. I was hoping to get some ideas to add to our sex life with. I am the bottom and we've tried most of the positions before reading the book. It is laid out well with good descriptions and drawings. There is some great advice for those less sexually experienced.

My boyfriend is a virgin and I wanted to be goofy and get him a Kama Sutra for his birthday, unfortunately this is more or less a gay man's dating book. It's not poorly written, but some of the pictures are poorly drawn.

When I purchased the book, I was interested in seeing how the original Kama Sutra would be applied to the "technicalities" specific to gay men. While reading the book, at times it seemed more like a history lesson and stereo instructions for some common sense things. That being said; the artwork in the book is very intriguing. It is very tastefully presented. Over all, an fun addition to the "coffee table" book collection.

There is not one thing in this every gay man doesn't already know. It's more about history... Don't buy it.
