bought for a gift very much liked

I purchased the book off of Allotofbooks over a month ago. I have been sick with an ulcer. I don't know what to eat or how to fix it where it won't bother my stomach. I have been going hungry or having desires of wanting to snack on things I can't eat. I don't have the book yet. I don't give Allotofbooks a very good rating. For the most part, I will still order off of because, other than this problem, has been good to deal with.
