Personality Assessment

Synopsis

The first edition of Personality Assessment provided an overview of the most popular self-report and performance-based personality assessment instruments. The chapter authors were key members in creating or developing the research base for the eight test instruments covered in the book. The text was geared with graduate-level clinical, school, and counseling psychology courses in mind. While still retaining all the attractive features of the first edition, this revision will reflect the advances in the field since 2008. Chapter contributors updated and expanded on reliability and validity data, clinical utility, multicultural considerations, and implications for therapeutic assessment. Another distinctive feature of this second edition is a companion website that features ancillary materials such as PowerPoints and test banks.

Book Information

Paperback: 500 pages

Publisher: Routledge; 2 edition (March 8, 2014)

Language: English

ISBN-10: 0415527058

ISBN-13: 978-0415527057

Product Dimensions: 6 x 1.1 x 9 inches

Shipping Weight: 1.6 pounds (View shipping rates and policies)

Average Customer Review: 3.5 out of 5 starsÂ Â See all reviewsÂ (2 customer reviews)

Customer Reviews

Educational but probably the most boring textbook ever written. Ever.

exactly what I wanted, thank you!
