The Miracle Cure For Herpes: Preventing, Managing, And Understanding This Common Ailment.

Synopsis

The Miracle Cure For Herpes: Preventing, Managing And Understanding This Common Ailment. More common than you can actually imagine, herpes is also more contagious than you would expect. Typically spread through sexual contact, the social stigma attached to how to prevent, manage and cure the condition is shrouded in this impression that it is not something that can be openly talked about, when in fact, this condition is no more than a simple viral infection that can be easily treated. In this book you will learnâ

- What the condition is all about
- How it is spread
- Understanding the gravity of the condition
- What to do once someone has been diagnosed with herpes
- The different symptoms of herpes
- How to recognize if you are showing symptoms
- Different triggers for outbreaks
- Easy cures for herpes
- The secret, miracle cure for herpes
- The ideal diet to manage herpes

Learn what you can to prevent and manage the condition now.

Customer Reviews

I found this book to be a very informative resource about learning more about the herpes simplex

virus. Before I read this book, I did not know certain aspects of the condition and now I feel like I know a lot more about it. I highly recommend this useful book to anyone who's looking for effective ways to cure this virus.

I learned a lot by reading this book. I never knew anything about the herpes virus. It is nice to know that there simple ingredients you can use at home, such as garlic, and apple cider vinegar to help treat the outbreak. Great book for people who suffer from this problem.

If you know nothing about herpes this book is a good introduction and it is thorough in it's explanation. It could have gone into the 'miracle cure' in a bit more detail but if you are suffering from herpes and want to know what to do this is a good starting point.
