# Business Law: Text And Cases (THIRTEENTH EDITION)

## Synopsis

Comprehensive, authoritative, and student-friendly, longtime market-leader BUSINESS LAW: TEXT AND CASES delivers an ideal blend of classic "black letter law" and cutting-edge coverage of contemporary issues and cases. BUSINESS LAW continues to set the standard for excellence. The text offers a strong student orientation, making the law accessible, interesting, and relevant. The cases, content, and features of the thirteenth edition have been thoroughly updated to represent the latest developments in business law. Cases range from precedent-setting landmarks to important recent decisions. Ethical, global, and corporate themes are integrated throughout. In addition, numerous critical-thinking exercises challenge students to apply knowledge to real-world issues. It is no wonder that BUSINESS LAW is used by more colleges and universities than any other business law text.

## Customer Reviews

Better than Expected!! I am an attorney that had to take this class as part of a certificate in Finance. I was tested in areas that I have not studied in years or am not exposed to, e.g. HR, patents and trademarks, etc. Some areas are more detailed for a law student. This is an interesting book with plenty of examples, well organized, and I gave it 4 stars because it is probably more detailed than a general business student will need in the future.

Straight forward writing that gives you good insight to many business law concepts. I feel as though

the language could have been less wordy as it made understanding the concepts slightly more difficult.

Great textbook, satisfied with purchase. I got this book for my Business Law college course. Thick textbook, 400+ pages. Content is solid and should go well with Business Law courses. It comes with many court cases and sample follow-up questions (answers in back) which are very helpful. The book also has a great index and separate legal definitions sections, which were great as well. Very satisfied with purchase.

This book is great for people who have never taken any business law courses. This book is very informative and it helped me learn a lot about US business policies and legal issues. I recommend this book to anyone who would like to get knowledgeable about the law.

Needed this book for a required college course. So much great information regarding corporate law matters and case de briefing. Very pleased with the rental option if you don't want to purchase the book thank you for the options and the product being delivered on time.

Excelent book very easy to keep reading with actual cases

So far I think this is an excellent book. The authors ver well done. As you reading through the pages is so easy understand the concepts. Realistic examples of cases, that's awesome.

It is a great read. Purchased for my law class, and I now have a better understanding of the general U.S. law and commerce laws, and it will come in handy for my small business.
