Synopsis

Try â “ verb: to make an attempt or effort to do something or in this caseâ |someone. Sex. Logan Mitchell loves it, and ever since he realized his raw sexual appeal at a young age, he has had no problem using it to his advantage. Men and women alike fall into his bedâ ”after all, Logan is not one to discriminate. He lives by one mottoâ ”if something interests you, why not just take a chance and try? And he wants to try Tate Morrison. Just coming out of a four-year marriage with an ex-wife from hell, a relationship is the last thing on Tateâ™s mind. Heâ™s starting fresh and trying to get back on his feet with a new job at an upscale bar in downtown Chicago. The only problem is, Tate has caught the unwavering and unwelcome attention of Mr. Logan Mitchell â “ a regular at the bar and a man who always gets what he wants. Night after night Tate fends off the persistent advances of the undeniably charismatic man, but after an explosive moment in the bar, all bets are off as he finds his body stirring with a different desire than his mind. As arrogance, stubbornness and sexual tension sizzles between the two, it threatens to change the very course of their lives. Logan doesnâ™t do relationships. Tate doesnâ™t do men. But what would happen if they both just gave in andâ |tried?

Customer Reviews

This is my first read by Ella Frank and I am officially crushing on her. I love the male/male genre and this one blew me away. The depth of the characters, the chemistry running through them, their strength and determination, and their heartache made for an amazing story. Logan is used to getting anything he wants. He is all alpha male, tall, strong, sexy as sin, and loves the human body â “ male or female. He doesnâ™t do relationships and wants just about anyone in his bed. This man all he has to do is look at you and you melt. Panty dropper would be a great nickname for this man. He isnâ™t used to rejection so when the object of his affection turns him down repeatedly he is more determined to get the man that is always saying no. He doesnâ™t know what is in store with him with chasing Tate but he is damned sure going to enjoy the chase and the ride. Tate is a bartender at the bar that Logan goes to at least 3 nights a week after a long hard day of work. Tate is new to the bar and doesnâ™t know about Loganâ™s ways. Going through a nasty divorce Tate finds himself keeping to himself and not letting anyone in. Shocked by the come ons that Logan throws his way he assures Logan that he is a straight man and isnâ™t interested. Night after night Logan ruthlessly propositions himself to Tate and the more Tate shows is anger and says no the more Logan wants him. Will Loganâ™s persistence pay off and finally get Tate to Try and have him in his bed? Will Tate risk everything, his friends and family, to explore feelings he shouldnâ™t be feeling? Oh Ella I am in love with you woman! This book was amazing. The sexually chemistry that flowed between Tate and Logan felt like I was on fire.

~ ~ ~This book is an exercise in marathon sex. Sex in incremental intensities and formations and explorations. Itâ™s all about the sex. And damn, the guys are hot, sexy and good at sex. But there isnâ™t really anything new here. Donâ™t get me wrong, I mostly enjoyed it even if I didnâ™t really connect with the characters. I just chalked it up to being an erotic series and figured thatâ™s what I would get. And I did. So, on that note, the book did achieve its goal of being erotica. It's not a romance. Yet. Maybe that will develop as the series progresses. My problem is that the characters told me they had an emotional connection, but they never showed me. I have no idea why they think they're in love. It's another book that falls into the insta-love-for-no-reason category. THE CHARACTERS "Logan always went after what he wanted though. That was half of his problem. He had no boundaries. [â]But wanting this guy? That was a stupid choice in every way." Logan Mitchell - The definition of player. Heâ™s in it for the chase and conquer. And then heâ™s out. Heâ™s also kind of a bully. "He made a living off of it. He was always the cat that never caught the mouse, but he sure played with it for a while to make good money. But in the scenario, with this guy, Tate found himself feeling a lot like the mouse â “ and that pissed him off." Tate Morrison - Once he

decides to turn the tables on Logan, whew, it gets hot. THE STORY Logan is a sexy sex machine and is out to have it all. He does women, he does men and he does women and men. He likes the game, but when he sets his sights on Tate, the sexy bartender, there's no stopping him.

So when you hear that a traditional male/female romance writer is diving in the male/male genre you are curious. When you hear that it's an author that has a dedicated following you are a bit excited that they will be introducing their fans to the wonderful genre that you are saturated in and loving. When you get the book, you are confused from page one when the MC is balls deep into a wet pussy. Oh yeah. I had to check the blurb before I went on to make sure this was about two DUDES and not some sort of ménage or just a bisexual deal. Nope. Okay then, let's see where this goes. Where this went was downhill fast. The MC's were not likeable, Logan was arrogant to the point I wanted to punch him in the throat and Tate was so wishy-washy I rolled my eyes so much I could see yesterday. Cheesy lines, you say? Oh yeah. How can my brain not go there after struggling through 300+ pages of I don't know what the hell that was? Can someone help me, please? We are told how to feel as these men test the waters of their relationship. I never figured out why either of them liked the other. I get it; they are both hot yet other than Logan's constant reenactment of a Robin Thicke summer hit wearing Tate down, I don't understand why he went for it. Logan is supposed to be some sexy alpha man whose milk shake brings everyone to the yard, I never saw the appeal. The story was all over the place, it was awkward and did not have a steady flow. The abundance of details may suit some but not me, nor does repetitiveness and good lord the dialogue drove me nuts. Did the inner goddess come over for tea with the boys? I was so tired of reading the word TRY in every tense it could be in. I couldn't bring myself to do a search count for it, I did not want to see it again.
